

**Things have gotten better, but
COVID IS STILL HERE**
Do Not Let Your Guard Down
Be Smart, Stay Safe

and follow these Plastek protocols:

- IF YOU HAVE SYMPTOMS & THINK YOU HAVE COVID, ARE WAITING TEST RESULTS, OR HAVE TESTED POSITIVE – DO NOT COME TO WORK & STAY HOME! CONTACT PLASTEK’S COVID HOTLINE @814-878-5677.
- If you have been exposed to COVID but are not sick, wear a mask for 10 days since you were exposed and self-monitor for symptoms. If they develop, stay home, and contact the COVID hotline.
- Contact Plastek’s COVID Hotline to report your COVID absence, to ask questions, to provide an update to the Health Dept, or to request a Return To Work.
- Once you have called off with a COVID related absence, **you must** contact the COVID Hotline for a Return To Work note (RTW) **before** returning to work. If you report back without doing so, you will be sent home.
